Education

B.Sc. Hebrew University, Jerusalem 2017 - present

Student of Computer Science at The Hebrew University of Jerusalem. Design and Computer Science Program.
Participation in Huji Hackathon 2019.

“Ein Prat”, The Academy for Leadership 2012 - 2013

One year program of pre-military (Mechina), which included volunteer service, community living, study of Jewish texts, philosophy, literature and history.

B.Des Bezalel Academy of Art and Design 2017 - present

Student of Visual Communication at Bezalel Academy of Art and Design. Design and Computer Science Program.

Honors class Zeitlin High School, Tel Aviv 2009 - 2012

Full high school diploma. Major in Computer Science, Math, Chemistry, Oral Torah and English.
Head of students council.

Computer Capabilities

Programming languages

Java, C, C++, C#, Python, JavaScript and HTML.
Good understanding of low level and Assembly.
Fluent in Unity both as programmer and designer.

Design programs

Cinema 4D, Illustrator, Photoshop, InDesign, After Effects, Premiere.

Experience working with Git, SharePoint, Power BI, Oracle Database, Excel, Word, PowerPoint.
Touch typing in English and Hebrew.

Work Experience

Software Engineering Instructor 2019 - present

Taasiyeda association, a non-profit organization.
Exposing young girls to technology, aspiring to help them acquire skills and confidence.

Operational-Technical group manager 2017

PM-PR Media Consulting Ltd, Business Intelligence company. I managed both teams in Israel and abroad.

Manager Assistant 2016 - 2017

Ventura Shenkar Art Supplies Shop.

Military Service

Classified unit, The Intelligence, IDF 2014 - 2016

Service in a new branch in the Directorate of Military Intelligence.

My role included project management, research work, development, optimization of procedures using automation and establishment of a data system.

In my role, I had to coordinate with different projects, mastering the finest details for each one.

Volunteer work

Programming Instructor, QueenB 2018 - 2019

The ideal of QueenB is to increase the presence of women in the tech industry. I was an instructor for girls, teaching them Java, JavaScript and HTML.

Tutor girl with special needs 2012 - 2013

I tutored a girl with social difficulties and special needs, as part of my volunteer work in Ein Prat.

Youth Instructor, Bnei Akiva 2009 - 2012

Instructor and branch coordinator in the movement.
